

The Lehi Department

CITY WILL SELL CITY PAVILION

Council Holds Busy Session and Transacts Much Important Business

The City Council held a regular session Tuesday evening. All members were present.

H. M. Royle, chief of the fire department was present and stated that an automobile would greatly assist the members in reaching fires quickly, and stated that if the city would assist the department would undertake to raise the necessary balance. The majority expressed themselves as being favorable to the purchase and referred the matter to the committee of fire to work it out with the firemen. It was estimated that a truck would cost \$300 on which a suitable house could be built.

Councilman Robinson reported that the city jail had been fixed up and that hereafter the cells would be kept locked and the hoboes be required to sweep out each morning.

The city Recorder was instructed to write a letter to the D. & R. G. Co. drawing their attention to the sidewalk crossing on Second South street.

Heber Alfred was present and asked the privilege of selling out his good by auction. He was granted the privilege of selling his present stock by auction on his old license.

Saturday evening was set apart for a special council meeting to consider the water rates that widows are to pay. At this same meeting the committee on license will report on the refreshment stands who are selling goods on Sunday.

The city recorder was instructed to write the Interurban Railway Co. about grading Third North St. to the rails and to collect \$140 due for their share of the sidewalk pavement.

The Cemetery Committee was instructed to receive and plant the tree ordered from Mr. Byhower soon as they arrive.

The High School and grade students will be used in getting the rock off the city park preparatory to planting the seed. The matter of arranging for a day for this purpose was referred to the committee on park.

The committee on park was instructed to make arrangements to provide the planting of the park trees soon as they arrive and to allot them to citizens who desire to purchase and name the trees. Those who want to name a tree will be permitted to do so for 50 cents each.

A motion was carried that bids be advertised for the purchase of the City Pavilion, with the reservation that all bids may be rejected.

Marshal Southwick stated that he considered that, in view of the hours required of him he considered the job worth \$100 per month. Otherwise he wanted more help or less hours. Referred to committee on police and prisons.

Bills aggregating \$495.90 were read and allowed. Gordon Baker reported having collected \$8 for dog taxes and having killed.

PROF. BANKS IS INVENTOR OF CLOCK

In our last issue we stated that Able Gudmundsen was the inventor of the

alarm clock that rings a gong for changing classes. Prof. Junius Banks is the real inventor, but was assisted by Austin Gudmundsen. It is quite probable that the other two high schools may adopt the improvement.

FARMERS WILL INCORPORATE

Messrs. A. Y. Saterfield of Pocatello, Idaho, and G. E. Hall of Montpelier, Idaho, high officials of the Farmers Society of Equity, held a meeting with the directors of the local branch here Tuesday, on matters pertaining to forming a corporation to include Lehi, Cedar Valley, Alpine and American Fork locals, with Lehi as the distributing center. The exact capitalization has not yet been decided on but will probably be \$20,000.

The Society of Equity is formed chiefly to eliminate the middle man in the purchase of machinery and other farmers' supplies, the society selling at wholesale to its own members. The society also does great good to the communities by bringing outside lecturers in to talk on agricultural subjects. It is also intended to use the society as an organization to co-operative marketing. The local society in the past has purchased several cars of coal, lumber and machinery. A corporation is being formed; thus some money may be on hand with which to swing deals.

WORK COMMENCES ON CITY PARK

Twenty Thousand Feet of Curbing Being Put in for Eight Foot Gravel Walks.

Mayor Gurney and a force of men commenced this week laying out the walks for the Margaret Wines Park. It will require about 20,000 running feet of 1 x 4 inch boards for curbing which will line the eight-foot gravel walks, that extend diagonally from the four corners and wind around several rods from each side.

The entire block has already been underlaid with pipes for carrying the city water to all parts for sprinkling purposes. The 200 trees and 200 shrubs will arrive in the near future and soon as they have been set out the grass will be planted. Before this, however, Mayor Gurney will call a general mass meeting, when the plans will be explained in detail and the people will be asked to turn out on a day specially set apart for the planting.

FARMERS DIRECTORY TO BE ISSUED

Mrs. Laura Nye and Gilbert Knudson have been interviewing all the farmers in the north end of Utah County the past two weeks, finding out how much land each one owns, what particular crop each specializes in, what he has for sale and many other items, that one farmer wants to know about his neighbor. The same information is being obtained from the other parts of the county and in the near future will all be compiled and issued as a book for the farmer's mutual benefit.

FUNERAL SERVICES FOR JOSEPH H. WOOLSTON

Funeral services for Joseph H. Woolston, who died from heart troubles, Saturday, were held in the Tabernacle Tuesday afternoon. The building was crowded with sympathizing friends and relatives. Bishop Henry Lewis presided and the Third Ward choir supplied the music. There was a quartette by Lenore Fox, Fern Hanson, Samuel Gough and Ray Carter, solos by Mrs. Sadie Kittinger and Miss Fern Gough. A. R. Anderson gave the invocation and Jackson Wanlass the benediction. The speakers were: President A. J. Evans, Prof. W. K. Hopkins and President James H. Clarke, who paid high tribute to his character as a citizen, his faithfulness in church matters and the devotion to his children in securing for them an education.

Bishop Lewis read the following sketch:

Joseph Hyrum Woolston, son of Jonathan and Asenath Melard Woolston, was born November the twenty-third, 1886, in Sheffield, Yorkshire, England. He was baptised a member of the Church when fourteen years of age. He was ordained a deacon at the same time. Later he was ordained a priest, in 1888 an elder, and a seventy in 1910. While in England he acted as traveling elder. In 1888 he came to Utah, landing in November without even an acquaintance. Soon after he emigrated his father, mother and sister. In Utah he has lived in Ogden, Sandy and Lehi. In each place he has made many friends and acquaintances. He has been an active member in the Church of Jesus Christ of Latter Day Saints, working in the several capacities. He was set apart First Assistant Superintendent in the Sunday School in 1910, in which capacity he worked until 1914. He was secretary of the Elders' Quorum for Lehi North Branch. He became a member of the Prayer Circle in 1912. He has also acted as home missionary, block teacher. He died in full faith in the Church and exercised great faith until the last moment. In 1894 he was married to Mary A. E. Worlton. To this union has been born twelve children four of which have preceded him to the great beyond. He leaves a loving wife, eight children, three daughters, five sons, a mother, two brothers one of which is in England, a sister and many relatives and friends to mourn his loss.

LEHI CASH STORE IN NEW HANDS

K. S. Fadel of Salt Lake has purchased the Lehi Cash Store from W. W. Southworth and took it over Monday evening. He will reopen it with a big special reduction sale, after which he says he will put in a stock of goods bigger and better than ever. An account of the sale will be found in this issue.

Mr. Southworth came to Lehi about 14 years ago and in a short time built up a big flourishing business. Then he conceived the idea of opening a branch in American Fork. Later he moved his American Fork store to Sugar House, Salt Lake City and is operating there at the present time. According to his own story, he made more money while personally conducting his store in Lehi than he has before or since, and expresses a regret that he ever left Lehi.

NEW METHOD OF TRAPPING COYOTES

A Lehi trapper has discovered a new method of inducing coyotes to come where his traps are set. He has caught a live coyote, which is tied to a stout stake near the Johnson Ranch in the north end of Cedar Valley. He feeds the animal well, and at night it sets up its usual dismal howl, which attracts other coyotes and as they come in response to the familiar call the traps set in advantageous positions catch the unsuspecting prey. It is said that he has caught a great number this way.

LEHI HIGH SCHOOL ENTERTAINMENT

The musical department and the elocution department of the Lehi High School are co-operating to make their coming musical show a huge success. There will be a small one act farce, interspersed with catchy musical numbers, in conjunction with quartettes and choruses. The ad for this entertainment appears on another page. The cast of characters for "A Tragedy of Tongues" is Maesa Anderson, Genevieve Clark, Vernetta Vaughn, Myra Thomas, Miva Child and June Whipple. For "Mademoiselle's Secret" the cast includes La Verde Evans and Emily Vaughn.

LEHI CASH STORE IN NEW HANDS

K. S. Fadel of Salt Lake has purchased the Lehi Cash Store from W. W. Southworth and took it over Monday evening. He will reopen it with a big special reduction sale, after which he says he will put in a stock of goods bigger and better than ever. An account of the sale will be found in this issue.

Mr. Southworth came to Lehi about 14 years ago and in a short time built up a big flourishing business. Then he conceived the idea of opening a branch in American Fork. Later he moved his American Fork store to Sugar House, Salt Lake City and is operating there at the present time. According to his own story, he made more money while personally conducting his store in Lehi than he has before or since, and expresses a regret that he ever left Lehi.

WHERE IS THE CITY HALL?

A drummer called at Broadbent's store this week and asked for the City Marshal. He was directed to the City Hall on Main street, looking at the and down Main street, looking at the buildings, he returned and asked where was Main street, as he could find no building that looked like a city hall.

BISHOP LEWIS MAY OPERATE COMSTOCK PUMP.

Bishop Henry Lewis has recently become associated with a metal extraction company that owns a lease on the famous old Comstock tailings dump at Virginia City, Nevada. There are about 600,000 tons of slimes in this dump covering 40 acres in extent, and an analysis shows that it contains about \$8 or \$9 per ton in gold, silver and quick silver. This can be extracted at a cost of about \$1.50 per ton and tanks for this purpose that have a capacity of 200 tons per day are already on the ground. The Bishop may become the resident manager.

BEET THINING COMPLETED

George Mason, who is taking a six months' course in repairing automobiles, in Los Angeles, writes home that the farmers in Southern California have just completed thinning their stand of young beets.

Free theatre tickets at People's Co-op.
